"Go and see the old guy on the left side building. He will cut to size and the price has been good. I have gotten a lot at REM prices around a dollar a LB or less They have 1 1/2" square and angle in stock in 20ft lengths"

McMaster Carr

<https://www.mcmaster.com>

This is probably the best online hardware store in the world. They have everything from pipe to cutting tools to metal etc.

MSC

<https://www.mscdirect.com>

This outfit specializes in cutting tools, hand and machine tools, measuring tools etc. They bought ENCO that used to be a place for tools.

Harbor Freight

<https://www.harborfreight.com/#>

They have low cost tools and supplies of all kinds. Medium to low quality and prices to match.

GRAINGER

<https://www.grainger.com/>

Industrial supplies like motors, electrical, tools, replacement parts, safety, signage etc.

EBAY

<https://www.ebay.com>

You name it. Caveat emptor.

Amazon

<https://www.amazon.com>

Applied Industrial

<https://www.applied.com>

Bearings, seals, motors, pneumatics, fluid controls, linear motion etc.
