

2026 SPONSOR PROSPECTUS

STORY ISLAND
A PNW WRITERS' CONFERENCE
NOVEMBER 13 - 15, 2026

60

aspiring genre
fiction writers

40+

working authors,
editors, & industry pros

2

cozy, focused days

Sometimes the easiest part of publishing is writing the story. Everything that comes next feels like banging your head against a glass ceiling until it cracks.

Story Island is a writers' conference built to change that — two days of craft, conversation, and community for genre fiction writers who are serious enough about their work to invest in it, taught by the working authors and industry pros who've been there.

It's for writers, by writers. And we're looking for sponsors who get why that matters.

Sponsoring Story Island means meeting these writers at a meaningful point in their journey, alongside the people they'll trust for recommendations the rest of their careers.
